Subject: US EPA webpage with info on Gold King Mine Emergency Response

Hi Keith,

Here's the URL to the US EPA webpage for the latest information on the release:

<http://www2.epa.gov/region8/gold-king-mine-release-emergency-response>

The US EPA On-Site Coordinator for this incident also has a webpage at

http://www.epaosc.org/site/site_profile.aspx?site_id=11082

I hope this information was helpful.
